Start 2014 with a New Smile with Porcelain Veneers

For a lot of us, it is hard to believe that 2013 is coming to an end and 2014 is fast approaching. With millions of people already making their resolutions lists, here at [El Reno Family Dentistry](#), we think your teeth should be a top priority for the upcoming New Year. Why not welcome the New Year with a new smile using [porcelain veneers or Lumineers](#)? A wonderful way to change your smile for the better, let our experienced [doctors](#) and team help you welcome 2014 with a bang!

Your journey to getting **porcelain veneers** starts with a consultation with our dentists. They will be able to evaluate the current state of your teeth, ask you about your long term goals regarding your smile, and they will be able to answer any questions or concerns you may have. If you are a candidate, our doctors will make impressions of your teeth. With those impressions, the dental lab is able to create your custom **veneers**.

When the time comes to apply your **porcelain veneers**, your natural tooth is prepared, removing a little bit of the enamel to make room for the **veneers**. Your **veneer** surrounds your natural tooth, and is made permanent with resin cement. If taken care of, your **veneers** can last for up to 10 years!

If you want another option, there are **Lumineers** brand **veneers**. With **Lumineers**, there is little to no tooth preparation. There are no shots or drills, which is great for those who have phobias when it comes to the dentist. With proper care, **Lumineers** can last up to 20 years! Definitely a great investment in the long run.

One of the wonderful benefits to **porcelain veneers** and **Lumineers** is the fact they look like your natural tooth! Like a lot of people who have any cosmetic work done, they may not want the work to be obvious and apparent, and with **veneers** and **Lumineers**, it allows you to look natural while also improving your confidence. They are also stain resistant, so you're sure to have your smile pearly white at all times! You will be able to join your friends in a laugh and even have the bravery to make a joke yourself, knowing your smile is perfect! After working so hard in 2013, we think you and your smile deserve to kick off 2014 the best way possible.

If you'd like to set up an appointment, [call us](#) today at **El Reno Family Dentistry**. Our office is located in **El Reno** and serves patients from **El Reno, Yukon, Minco, Calumet, Hinton**, and other communities in the **Canadian County**.
