Take Advantage of Our Invisalign Special!

Having gapped or misaligned teeth can really put a strain on how you feel about yourself. If you are not confident in your smile, it can leak into many different areas of your life. You may find it difficult to put yourself out there, meet new people, or do simple things just to avoid the embarrassment. Thankfully, [Dr. Michael Kirk](#) understands the insecurities people may have about their smile, which is why he offers [Invisalign](#) to his patients.

When people think about braces, they may think about the traditional braces and having a mouth full of metal. Though traditional braces are an option, you may want a solution that is more discreet and accommodating to your lifestyle. That is where **Invisalign** comes in. Being barely visible on your teeth, this is a wonderful option for those who want to keep their straightening process under the radar.

Invisalign works by using a series of retainers made specifically for your smile. Each aligner signifies a stage in your straightening process, and when you have completed one stage, simply apply the next aligner in the series and move forward to the next stage. At the end of the series of aligners, your smile is straight and beautiful!

If you are worried you will not be able to afford **Invisalign**, you are in luck, as **El Reno Family Dentistry** is offering an amazing special for our patients! Through March and April, we are offering \$500 off of **Invisalign**! It is our way of thanking our patients for being so wonderful and loyal to our practice. Take advantage of this amazing offer, and start your journey to a perfect, straightened smile today!

If you'd like to set up an appointment, [call us](#) today at **El Reno Family Dentistry**. Our office is located in **El Reno** and serves patients from **El Reno, Yukon, Minco, Calumet, Hinton**, and other communities in the **Canadian County**.
